SKILLS

Programming Languages: Java, Python, C/C++

Backend Technologies: Spring Boot, Spring MVC, Spring Security, REST API

Frontend Technologies: React.js, HTML, CSS/Tailwind CSS

Databases and Cloud Services: MySQL/PostgreSQL, MongoDB, AWS Cloud

CyberSecurity Technologies: IAM, SIEM

Development Tools: IntelliJ, Postman, Maven, Git, Docker, W3Schools, Vercel, Render, Netlify, Visual Studio, Eclipse

WORK EXPERIENCE

Tata Consultancy Services

Software Developer Trainee – Noida, Uttar Pradesh

June 2025 – Present

Gained hands-on experience and contributed to full-stack development using **Java, Spring Boot, REST APIs, React.js, JDBC, and SQL**. Participated in all SDLC phases, including requirement analysis, design, development, testing, deployment, and maintenance. Developed and maintained backend services with clean architecture and optimized APIs. Implemented database operations using **JDBC and SQL** for efficient data handling. Supported **frontend development** by building responsive UI components in React.js. Utilized Docker for containerized environments and Git for **version control**. Collaborated in an Agile/Scrum environment through **sprint planning**, daily stand-ups, and code reviews.

Graduate Trainee – Chennai, Tamil Nadu

Jan 2025 – May 2025

Gained hands-on experience with diverse technologies and contributed to real-time enterprise applications. Adept at backend development using **Spring Boot, REST APIs**, and related frameworks. Proficient in frontend technologies like **React.js, HTML5, CSS**, and **Bootstrap**. Worked with **Java, Python**, and **SQL** for backend logic and database management. Experienced with **JMeter, JUnit, Selenium**, and **Git** for testing and version control.

EDUCATION

Indian Institute of Information Technology, Ranchi

Jun 2025 – Jul 2027

Master of Computer Applications

Relevant Coursework: Object Oriented Programming, Databases, Discrete Maths, Software Development, Operating Systems, Computer Networks, Machine Learning, Data Mining, Advanced DSA, Information Retrieval, Cyber Security, Image Processing

B. R. Ambedkar Bihar University, Muzaffarpur

Jun 2021 – Jul 2024

Bachelor of Computer Applications

Percentage: 75.88

Relevant Coursework: OOP, Databases, Discrete Maths, DSA, Operating Systems, Networks, Machine Learning, DBMS, Computer Architecture

PROJECT WORK

- **Shorting The URL** 🌐: Full-stack URL Shorting Web APP using **Spring Boot, Spring Security, React.js, Tailwind CSS, API integration, AWS Cloud, Docker Containerization** with a responsive interface.
- **Edusity Web** 🌐: Developed system using **React.js** and **Tailwind CSS** for smooth and responsive data operations and integration.
- **Modern PlayStream** 🌐: Responsive YouTube app clone built with **React.js, CSS**, and **dynamic APIs** for interactive user experience.

CODING ACHIEVEMENTS

- 🏆 **LeetCode**: Solved over 100+ DSA problems, maintaining consistency and learning streaks.
- 🏆 **Coding Ninjas**: Solved over 150+ coding problems and 400+ MCQs in Java and Python.
- 🏆 **Codeide**: Solved over 575+ DSA problems across platforms.

CERTIFICATIONS

- **Full Stack Java Development (2025)** – Udemy
- **AWS Solution Architect (2025)** – Udemy
- **Geo Data Security and Cyber Security (2025)** – IIRS/ISRO
- **Generative AI (2025)** – LinkedIn Learning
- **Postgre SQL DB and GIT Version Control (2025)** – Udemy
- **Java 8+ & Syntax (2024)** – LinkedIn Learning
